Errata

Page 137 (page 704 of Paper II):
"In the group of women who were continent during pregnancy, 8% of the women were incontinent after elective CS and 20% were incontinent after SVD, representing an absolute increase of 12%. The corresponding percentages for women, who were incontinent during pregnancy, were 23 and 51% with an absolute increase of 28% (Table 3)."

The correct text is:
"In the group of women who were continent during pregnancy, 8% of the women were incontinent after elective CS and 23% were incontinent after SVD, representing an absolute increase of 15%. The corresponding percentages for women who were incontinent during pregnancy, were 20 and 51%, with an absolute increase of 31% (Table 3)."
